

# AQUAGRID™

Great news: Aquagrid™, the patented floating design system, is officially launched — and there has never been a better moment to reimagine what's possible on water.

As we look ahead to the new year, designers and venues are already planning installations that feel fresh, elevated, and unforgettable. Now is the time to start planning what is sure to become the year's most photographed installations before calendars fill.

## Aquagrid™ is Your Creative Edge

- **Transforms water into design space** for pools, fountains, and water features indoors and outdoors
- **Precisely linear design** for perfectly spaced runway-straight arrangements
- **Modular and expandable** with snap-in hubs and rods for limitless layouts
- **Invisible support** with crystal-clear, lightweight components letting florals and candles take center stage
- **Engineered for stability** solving drifting and clustering with precise design control
- **Tool-free assembly & transport-ready** with durable carrying case
- **Built for repeat use and rental revenue** to help maximize profit
